Education

Grand Rapids Community College
Associates Degree Nursing

Graduated October 2013

Honors: President's List two semesters

Awards and Acknowledgements

WOW! Recognition Form
March 2015

I was caring for a stable preterm infant that was approximately two weeks old. I noticed that the pulses in the lower extremities were difficult to palpate, so I obtained a four limb blood pressure. There was a large discrepancy, and I notified the Neonatologist. The echocardiogram showed a coarctation of the aorta, surgery was scheduled for the following week. I was nominated for the award by a fellow nurse.
